County Press Ass'n Meets in Vandalia On Thursday Eve.

The Audrain County Press Association met in Vandalia Thursday evening and were entertained at a delightful banquet by the Vandalia Leader and Mail. The session was a most enjoyable one. All of the County papers were represented and one Pike County paper, the Bowling Green Times, had representatives present.

Joe Dye, president of the Vandalia Commercial Club, and one of Audrain's liveliest boosters, delivered a short address of welcome and Mitchell White, president of the County Association replied.

The remainder of the evening was spent in the discussion of different matters pertaining to the printing business. Those from this city who attended the meeting and enjoyed a thoroughly delightful evening were Gale Johnston, Mexico Intelligencer; William Jackman, of the Jackman Printing Co., and Mitchell White, of the Mexico Ledger.

MOTORMAN COULD HARDLY MAKE RUN

Weak From Indigestion and Loss of Sleep He Was on Verge of Giving Up.

"I can recommend Tanlac from the bottom of my heart, for since taking this medicine I am enjoying better health than I have in years," said C. M. Frye, 2305 St. Joe avenue, St. Joseph, Mo., a motorman for the St. Joseph street railway.

For two years I had suffered with a bad case of stomach trouble and indigestion. After every meal I bloated up with gas until I was simply in misery. Although I tried many different treatments and medicines I kept going down hill until I was hardly able to get around, and just had to force myself to work. I felt tired and drowsy all the time, and there was always a severe pain across the small of my back. I could get but little sleep, and in the mornings when I first got up I was so dizzy I could hardly keep from falling.

"I had not taken more than half of my first bottle of Tanlac before I noticed an improvement in my condition, and I kept getting better until today I have a fine appetite, eat just anything I want and never have a particle of stomach trouble. I have regained my strength and I can do my work as good as ever, and my nerves are in such good shape I can sleep like a child all night long. I always get up in the mornings feeling simply fine, never having a sign of dizziness."

TANLAC is sold in Mexico, Mo., by Marlow & Cox, in Benton City by Sward & Rogie, in Vandalia by J. Gentile, in Marshfield by C. T. Peyton, and in a number of other places.

While I am writing I would like to urge all loyal Missourians to vote in favor of good roads legislation. I have seen the development of hard roads in both Ohio and the present development of same in this state, and too much cannot be said as to the benefits derived from them for both the rural and the city residents. They bring economy in marketing, increased property values and improve general motor travel will follow improved road conditions, and they will spread prosperity over a much greater territory than is possible under present conditions.

Hoping for the success of this one question above all the others, for it is the foundation on which to build the rest, I am

Yours very truly,

E. E. HOPKINS.

At the recent Peoria District Fair, Mrs. E. E. Hopkins, formerly Miss Edith Lambert of Mexico, was a successful contestant in an extensive exhibit of decorated china. She was competing with a number of the most prominent artists in Illinois in this class of art. With four entries she was awarded two blue and one red ribbon. The exhibit as a whole was the largest and best shown for several years past, and Mrs. Hopkins can justly feel proud of her success.

T. L. Marshall, who has been in Bowling Green, Ky., for several days, returned Wednesday night.
